40-0387

40-0389

Sifton Oil Pre-Filters are constructed of machined alloy with a #40 mesh screen installed to trap large debris and a circular magnetic collar to collect the ultra fine ferrous particles before they reach the engine. Unit can be installed in the following locations for 3/8" I.D. oil line:

- Supply line before the engine, all models
- Primary scavenger return line on Early FLH & FX models
- Return line to oil tank on FL-EL-UL and models without a factory filter
- External oil return on high performance heads.
- Any pressure supply or return (use the prefilter with the 1/8" NPT threaded body). 1/2" unit recommended for ST TC88 models on the path between the cam bearing housing and oil pump.

VT No. Type Hose

40-0388 1/8" NPT Body 3/8"

40-0387 Barbed end 3/8"

40-0389 Barbed end 1/2"

Oil Line Filter Kit includes filter and compression fittings for 3/8" SS hose.
